- **Safe & Secure for All Users:** Designed for seniors, disabled individuals, arthritis sufferers, and pregnant women, this toilet safety rail prevents slips and falls, offering a reliable and reassuring bathroom experience. Its sturdy construction ensures safety for users up to 350 lbs.
- **Tool-Free Assembly in 4 Simple Steps:** Set up in minutes without tools! Just secure with C-shaped buckles, assemble the frame, screw on suction cup feet, and insert the leg tubes. Perfect for quick installation at home or on the go.
- **Fully Adjustable for Maximum Comfort:** Customize the height (6 levels from 27" to 32") and width (20" to 25") to fit most toilets and body types. Whether tall or short, this rail ensures a comfortable and secure fit for everyone.
- **Durable & Stable Design:** Made from corrosion-resistant aluminum, this safety rail is built to last. The soft gray foam grips provide a secure hold, while the large suction cup feet and metal washers ensure stability on any surface.
- **Space-Saving & Travel-Friendly:** Foldable and lightweight, this safety rail is perfect for home use or travel. Its compact design makes it easy to store and transport, ensuring safety wherever you go—ideal for trips or visits to family and friends.

About this item

- **Solid Support:** Our toilet safety rails for seniors feature strong, reliable grab bars strategically positioned to assist and support you when sitting down and rising from the toilet. This toilet safety frame boasts a unique, tapered design for enhanced structural stability. This, combined with 25% thicker aluminum tubing, 40% larger anti-slip feet, and 300% stronger plastic fittings, creates a stable support system heavier users can rely on for years to come.
- **Adapts to All Toilets and Users:** Our toilet safety frames have an easy width-adjustment system that allows the rails to adjust to a wide range of toilet widths.

About this item

- [Sitting & Standing Made Safe & Easy] - This toilet support rail is designed to help prevent slips and features extra-strong suction cups for stability. Included 2 suction cups and 2 rubber footings.
- [Comfortable, Non-Slip Handles] - Our toilet safety frame with arms are fitted with soft rubber pads on the handles. The pads are also textured to give the toilet assist bars a non-slip grip.
- [Safety and Durable Frame] - Free-standing toilet safety riser with handles are made of durable and easy to clean aluminum frame, up to 500 pounds for sturdy support. Perfect for the elderly, seniors, handicapped person, pregnant women, adult, etc.
- [Folding Storage, Save Your Bathroom] - This stand alone safety assistance provides a stable support for users to sit or rise from a commode. Essential for tiny bathroom, super-easy fold to storage and break down quickly to pack in a suitcase for traveling.
- [Versatile Pocket & Padded Grip] - Creating a comfort and convenience for users, toilet rails with closed-cell foam armrests provide a comfortable, secure grip when sitting or standing. Moreover, a storage pocket allows you practically deposit a newspaper, magazine, or cellphone.
- [NOTE] Please pay attention to the toilet safety rails size - if there are any unsuitable situations, we support returns and exchanges. The product is suitable

Style: Toilet Safety Rail-4 legged

- 7 Width/Height Settings:** This toilet safety rail features a 7-hole adjustment for width (17.3-25.22 inches/440-590 mm) and height (24.4-30.3 inches/620-770 mm), catering to most toilet sizes and accommodating users of various shapes and heights. Easy size switching with a button press ensures a comfortable fit for everyone.
- Robust and Durable:** The handicap toilet seat frame is constructed from high-strength, anti-corrosive aluminum alloy, which is ideal for wet environments. The toilet grab bars' precise machining and welding support up to 300 pounds, providing users reliability and peace of mind.
- Enhanced Stability and Grip:** Our toilet safety rail for seniors is equipped with a dual non-slip design combining front-leg silicone pads and rear suction cup feet for superior ground adaptability. Foam armrests of the toilet safety frame provide a secure, comfortable grip, ensuring safety for seniors and those with leg injuries.
- Space-Saving Folding Design:** The optimized structure of the toilet handles allows for quick and easy folding without disassembly, saving time and space. The toilet support rails' compact folded form is ideal for storage in small spaces or travel, ensuring accessibility and convenience for users on the go.
- Tool-Free Installation:** The unique design of the handicap toilet rails allows for easy, tool-free installation. Suitable for non-professionals, it provides convenience and simplicity. The toilet support rail is ideal for various settings like homes, hotels, hospitals, and public facilities; it serves as a multifunctional aid – from bathroom safety rails to aid in rehabilitation centers.
